

Financial Reporting Manager

Location: USA (Remote)

Our Company

HVR is the leading developer of a software platform that provides superior data integration solutions for data replication, continuity, migration, and warehousing. HVR is designed to move large volumes of data fast, accurately, and efficiently in complex environments.

Our software solution replicates data between 30+ different technologies and platforms that our customers use. Data is the lifeblood of a modern organization. Our technology enables organizations to unlock their data silos by replicating data in real-time, between a multitude of mostly database technologies, on-premises and in the cloud. Common use cases include data lakes, data warehouses, and reporting environments.

As we build our team at HVR, we are committed to pursuing and bringing together a diverse workforce and creating a working environment of inclusion. We highly value our differences and we are committed to equal opportunity regardless of race, color, ancestry, religion, gender, gender identity, parental or pregnancy status, national origin, sexual orientation, age, citizenship, marital status, disability, veteran status, or any other status protected by ethics and the laws or regulations in the locations where we operate.

Your Opportunity

We are currently growing the Finance team and looking for a Financial Reporting Manager to join our small but growing team. As the first Financial Reporting Manager at HVR, you will be building a structured and consistent reporting cadence, ensuring we have efficient financial reporting processes, and finding ways we can improve processes. You would report into the Sr. Director of Finance and work closely with our Sr. Accountant to build and scale the financial reporting process at HVR.

We're a global company so you'll have the opportunity to work cross functionally with teams in EMEA, APAC, and the US. If you are a process oriented leader, have in-depth knowledge of accounting principles and systems, and enjoy working cross-functionally with a fast growing team, apply to join HVR.

Please apply for the role here: <https://boards.greenhouse.io/hvrsoftware/jobs/4307998003>

Responsibilities:

- Lead month end closing. This includes reviewing journal entries, accruals, and preparing monthly and quarterly financial statements.
- Oversee and manage the preparation of all financial reports, including drafting and reviewing disclosures and qualitative performance discussions.
- Ensure compliance with U.S. GAAP.
- Manage audit process and requests.
- Research and remain current with new technical accounting standards, especially those that impact financial reporting for HVR.
- Effectively collaborate across functional teams to ensure teams are aware of necessary deadlines and deliver on time.
- Assist with ad-hoc technical accounting projects.

What you'll bring:

- Strong communication and collaboration skills. You can effectively communicate with cross functional teams across all levels and ensure deliverables get done on time.
- Attention to detail.

- An affinity for process. You drive process improvements and have strong project management and prioritization skills.
- A team oriented mindset. You work well independently in a team environment and are willing to jump in for moments that call for 'all hands on deck.'

Requirements:

- BS in Accounting.
- CPA experience.
- 5 years of experience in a similar role.
- Proficiency in ASC 606.
- Strong working knowledge of ASC 718.
- Bonus: US tax knowledge.
- Bonus: Familiarity with accounting software. We use Sage Intacct.
- Bonus: International experience.
